

The FOUNDATION *insider*

Dear Friend,

We, at the Cornwall Community Hospital Foundation are supported by a generous group of friends such as conscientious business owners and community members, who like you, understand the importance of our Hospital. In fact, we've often asked our donors why they so graciously support our cause and the answer is always the same – the importance of quality healthcare close to home.

Amongst our list of friends is Corus Entertainment. Once again, we've been asked to partner with them to bring you the most exciting event of the year - the 2nd Annual Corus Caring Hearts Radiothon, which will be broadcast locally on all three stations April 9th between 6 am and 7pm. This incredible event will feature special interviews and commentaries from patients, medical staff, volunteers and supporters like you, all the while motivating listeners to call-in and support their hospital.

We're asking you to become involved and demonstrate your support by giving today. We hope you'll be inclined to give by calling the Foundation at 613-930-4508, visiting our website www.ourhospitalourfuture.ca or completing the attached tear-off, and contribute to a great cause that will make a huge difference in our community. No donation will be considered too small and your contribution will be honoured during the Radiothon. Proceeds from this event will support the purchase of specialized medical equipment.

To your health!

Connie Vardy: *Executive Director*

Roy Perkins: *Board Chair*

P.S

New this year is the opportunity to become an AM1220 12 x \$20 Friend. By giving monthly you support your hospital all year long. It's easy, convenient, and makes budgeting your giving more manageable. Why not consider becoming an AM1220 12 x \$20 Friend today.
