President's Message

Welcome to 2010 at the Cornwall Golf and Country Club!

It's my distinct pleasure to announce that we've reached an agreement with Archie's Family Golf Center to provide Pro Shop Management Services for the 2010 golf season. Carol Ann Campbell and her staff will provide us a full service Pro Shop which we are confident will meet our members' needs.

Carol Ann is an LPGA Golf Professional who many of you know from her previous tenure at CGCC as Assistant Golf Professional. She and her husband John are long time members of the Club. Carol Ann looks forward to providing golf instruction and assisting the Golf Club in organizing golf events and special activities. We are excited to have Carol Ann working closely with our General Manager, Lloyd Jolotta and his staff to ensure your golfing and social experiences at CGCC are the best they can be.

In anticipation of some of your questions I can tell you that CGCC will retain all of the proceeds from cart rentals and green fees as part of this agreement. Proceeds from the sale of merchandise and services such as club repairs and golf lessons will belong to Archie's. This is an exciting step forward in the way we conduct business and we look forward to this new relationship succeeding on a number of levels.

Thank you to all of you members who've responded so favourably to our request to commit to the 2010 season. We currently sit at about 120 more confirmed members than at the same date last year. This is fabulous news and I encourage anyone who has yet to commit for 2010 to contact the office today and do so. You won't regret it.

More good news to share comes in the form of a new Corporate Membership for 2010 which will interest some of you in business. \$4000 gets you a Gold Membership and 32 green fee passes to use at your discretion such as entertaining clients on a wonderful golf course.

This off season has been a busy one for the Board. One area that we are paying particular attention to is the Tee On tee time system. We recognize the potential for abuse of that system and are working with the software developer to lessen the opportunity for members to abuse the system. We are committed to making Tee On fair for everyone and anyone who abuses it in 2010 may have their tee time booking privileges suspended or revoked. More on that before the season commences.

I hope everyone is in good health and someplace warm. If you have any questions please contact Lloyd or Nancy at the office.

Danny Aikman
President

General Manager's Forum

Well, we are now on our way to what I believe is going to be a season of Enjoyment and Excitement. In my new position, I will strive to bring a more positive atmosphere to the Club. With the addition of our new Associate Pro, the final pieces of the puzzle have fallen into place and our Club as a whole could not be stronger. The completion of some small projects on the course and the final touches to the changes in the clubhouse will all show our new positive direction.

I would like to thank everyone for the personal e-mails and phone calls offering their support and congratulations, this was greatly appreciated. Having the support of the membership will help us in achieving our goals for the coming season.

With that season feeling as if it is just around the corner, we must consider what our final budgets will need to be. For those of you who haven't committed your membership yet, I would like to ask you to contact us and let us know your intentions for the coming season. Having a more precise number of our membership will help us to prepare a budget that is realistic.

I hope that everyone is having a great winter and look forward to seeing you in the spring.

Lloyd Jollota
General Manager

P.S I would like to thank Linda Tranchemontagne and Ray Champagne for the help they gave us with the painting in the clubhouse this past week.

+++++

Ladies Division

We have lost a lovely person in our friend Shirley Perkins. She always had a friendly word for everyone. Shirley was a great participant and competitor; she will be missed.

This is a reminder that a silent auction is to take place during the Opening Day Scramble. Please keep this in mind when you are out and about these winter months. All members are welcome to donate an article for this event.

~~~~~

Our heartfelt condolences go out to Marilyn McMahon-Ayerst on the recent passing of her brother.

## Forward Tees

It is almost time to start thinking of greener pastures. For a golfer that means any part of a golf course, preferably the fairways, and for most of us it also includes the 19<sup>th</sup> hole.

The club is embarking upon new and exciting directions. The new tee system is just one of the many directions the club is taking. We are nearing completion of the remaining tees, #'s 2 and 9. Most of the funding is in place for the actual construction of these two tees; however we still require funding for the cost of sod for both tees, and additional water piping for # 2 tee. If anyone is interested in donating to a cause that will make golf more fun for many of us please contact me.

In the early part of the season the course will be measured and all tees will be rated. What that means is: any player will be able to play from any tee and enter their score for handicap purposes. The words "Ladies tees" and "Men's tees" will no longer be part of the vocabulary at the C.G.C.C.!

Further announcements and information regarding the course rating will be forthcoming from our captain Ray Champagne.

"If a lot of people gripped a knife and fork the way they do a golf club, they would starve to death." (Sam Snead)
